### AMATEUR STATUS

**Only amateur singing groups are eligible for the competition.**

An amateur singing group is generally a group that has not appeared for pay on a national telecast, a theatrical film, a professional first-class or major regional theater, live stage show or a album released in retail outlets nationally.

If you have appeared as a paid performer in one of the foregoing, you still may be eligible if the Producer determines in its sole discretion, based on the information you provide, that you should not be considered to be a professional performer.

### AUDITION PROCESS

**You must be available the ENTIRE day.**

Each member of your group must bring a completed application form to the audition. Additional application forms will be available at the audition cities.

Please note that this may be a long day. Although you may have an appointment time you must be available to us for the entire day.

Each group will be required to perform two (2) songs. All groups **MUST** sing live to a pre-recorded track. Groups will **NOT** be permitted to set up band equipment. The first performance will be the choice of each group. The second performance **MUST** be from the song list that Producer will provide prior to the audition. All groups **MUST** bring a copy of their music for Producer to keep. **NOTE:** this will **NOT** be returned to you.

During each performance dancing is encouraged but not required.

**For continuity reasons it is crucial that you wear the same clothes throughout the day.**

### **AUDITION TIPS**

- You have only one chance to shine, so make every second count and be ready to give the performance of your life!
- You want to stand out in the crowd and make an immediate impression on the Producer, so dress to impress! Make us remember your group!
